Ethics Definition:

moral principles system that govern conduct of an individual or a group of individuals & according to which human actions are judged as right or wrong, bad, or good. + Personal ethics deals mainly with this gray area between the clearly bad and the definitely good.

The meaning of ethics:

Traditions + Religion + Law + Behavior Generally.

Ethics divides into

A. **Meta-ethics** (philosophical study of morality).

seek to understand the nature of ethical properties, statements, attitudes, & judgments

B. **Normative ethics**. (standard of rightness & wrongness)

investigate a set of questions that arise when considering wrongness how one ought to act & speak morally.

C. **Applied ethics**

application of moral standards in various practical fields

Examples of applied type :

1. Bioethics:

branch of ethics that helps in identification, analyzing & resolving ethical issues that arise from health care provision

2. Clinical (medical) ethics:

branch of bioethics that is related to identification, analysis, and resolution of moral issues that arise in the health care of individual patients

3. Research ethics:

branch of bioethics that is related to identification, analysis, and resolution of ethical issues that are encountered before, during, and/or after the conduct of health-related research

- | | |
|--------------------------------|----------------------|
| 1. Research protocol | 5. Scientific values |
| 2. Ethical commitment approval | 6. Honest results |
| 3. Scientific merit | 7. Interest conflict |
| 4. Privacy & Confidentiality | |

4. Public health ethics:

branch of bioethics that is related to identification, analysis, and resolution of ethical issues that are encountered in the conduction of public health interventions

Importance of bioethics: **SN**

- **helps in answering 3 main questions**

1. Deciding **what** we should do?
2. Explaining **why** we should do it?
3. Describing **how** we should do it?

patient's Rights

1. Autonomy: الحكم الذاتي

- Patient is an **equal partner** in Decision Making لازم اخذ رأيه في إجراءات العلاج
- Best version of Autonomy is **informed Content**
- **Patient has line absolute Right to take & understand information**
مش معني انه مش فاهم المحتوي الطبي يبقا محترم مش رفيه في علاجه

2. Beneficence: الإحسان

- **Maximize** Benefits.
- **Minimize** Harms

3. Non Maleficence: عدم الايذاء

- **Do No Harm** زي اما بفتح جرح للمريض بالمشرط عشان اعالج حاجه

4. Justice: العدالة

- Patient's **equal Chances** fain Medical Care, Time, Respecting moral value
لا يوجد تفرقه بين الحالات الا وجود فارق في خطوره الحاله

5. Confidentiality: السريه

- **Respecting the privacy** [Trust Between patient & physician]
- To make accurate Diagnosis & optimal treatment
ينفعش اقول اي أسرار حصلت ما بيني و بينه و خصوصا انه هينزل الخبره السيئه دي للمرضي حواليه

Confidentiality is not absolute when:

- 1) Patient tell me to inform someone by **written consent** قالت اني أبلغ بنتها ان عندها سرطان
- 2) **Information sharing** لو تخصص تاني هيجي يشوفه
- 3) Where **on medical grounds** it is undesirable to seek the patient's consent, information regarding the patient's health may sometimes be given in confidence to a close relative
قالت لزميلتها لو وقعت علي الارض في نوبه اعملوا كذا و كذا
- 4) **In exceptional circumstances** may the doctor go ahead and impart that information without the patient's consent:
 1. Domestic violence
 2. child abuse
 3. communicable diseases
 4. suicidal tendencyبكشف علي طفل لقيت علامات إصابات علي جسمه لازم أبلغ النقطه
- 5) Information may be disclosed to comply **with authority requirement**, for example notification of an **infectious disease**. لو حد عنده ايدز أبلغ مراته
- 6) Information may be disclosed where it is so **ordered by a court**. مطلوب من المحكمة

7) Rarely, disclosure may be justified on the ground that it is in the **public interest** which, in certain circumstances such as, for example, investigation by the police

جاي مع الشرطه ده مش هأخذ اذنه ولو اعترض دي مسؤوليه الشرطه

8) doctor employed by an **insurance company** is not breaching confidentiality by passing information about Patient's health status

واحد رايح يأمن علي صحته

NOTE:

- **in sexual crimes you need consent for tropical examination, Take a 3rd part doctor**
عشان ملبسكش مصيبه

Patient's Responsibilities:

1. **Communicate** openly
2. **participate** in Decision in diagnosis& TTT then accept consequences
3. **Show** respect & consideration
4. patient **should not ask** Medical person to provide false medical information
5. **Meeting** Financial commitment يعمل عمليه و بعدها يقول مش دافع
6. **Comply & agree** treatment program
7. Patient **cooperate** with Medical personnel on any Mutually agreed treatment plans or procedure.
8. **Follow** The rules of Hospital
9. **Respect** Rights of other patients & Medical persons عيان داخل يزعم في الدكاتره

Test your self

1. What is the ideal form of autonomy?

- A. Patient refusal
- B. Informed consent
- C. Legal compliance
- D. Doctor's decision

2. What is meant by the principle of non-maleficence?

- A. Do no harm
- B. Provide benefit
- C. Respect autonomy
- D. Maintain confidentiality

3. The ethical commitment to increase benefits and reduce harm is called:

- A. Non-maleficence
- B. Beneficence
- C. Justice
- D. Autonomy

4. What is meant by confidentiality?

- A. Professional secrecy
- B. Legal compliance
- C. Patient autonomy
- D. Hospital rules

5. When is it allowed to breach confidentiality?

- A. For public interest
- B. For financial gain
- C. For legal compliance
- D. For research

6. If a doctor fails to provide required information before consent, he is accused of:

- A. Fraud
- B. Negligence
- C. Arrogance
- D. Ignorance

7. Following hospital rules, communication, and respecting medical staff refers to:

- A. Patient rights
- B. Doctor's duties
- C. Patient responsibilities
- D. Hospital policy

8. Equal treatment of patients in all aspects of medical care means:

- A. Autonomy
- B. Beneficence
- C. Justice
- D. Confidentiality

9. Confidentiality may be breached in the following cases:

- A. Legal requirement
- B. Public interest
- C. Patient consent
- D. All of the above

Correct Answers:

1. B 2.A 3.B 4.A 5.A 6.B 7.C 8.C 9.D

Consent

Types:

1. Actual consent:

- Complete, understandable.
 - Risks potentially affecting decision **must be unmasked**.
 - Physician must respond to all questions raised by the patient.
 - **Alternative treatment** must be known by the patient.
 - **Broad statements are sufficient**. For example, "Risks and benefits of anesthesia discussed. Patient wants epidural".
 - Allow patient to sign the note.
- **If refusal is absolute**, (eg, refusal of surgery or chemotherapy), **the physician should document:**
- | | |
|----------------------------|--|
| a. Diagnosis. | c. Informed discussion with the patient. |
| b. Treatment alternatives. | d. Patient's refusal. |

2. Implied consent:

- **Emergencies are the best example for implied consent**
- Emergency exists upon finding **2 factors**:
 1. Medical procedure is immediately necessary to avoid irreversible impairment or death.
 2. The person, who should authorize consent, is unavailable. ممرض من اهله
- Values of Implied consent **SN**
 1. Respect of self determination
 2. Protection of persons with impaired or diminished autonomy against harm & abuse

Consent by proxy

Components of consent: 5

1. Voluntariness: طواعية

a) In patient's care : patient is seeking medical consultation and implies consent to being examined

B) In medical research : consent to participate free of promises of benefits unlikely to occur or threats

2. Competence : كفاءة

- Able to take decisions
- Not Mentally retarded or Any psychial illness.
- Not under Effect of Drugs [Conscious & oriented]
- Above legal Age
- Not comatosed

3. Disclosure: الشفافية

- To know risk and benefits
- Ensure confidentiality
- Cost and outcome

4. Understanding:

- Consent written by lay language كلام اي حد يفهمه و غير طبي بحت

5. Consent:

► Valid consent > Yes I accept:

- Diagnosis & investigation
- Informed Discussion
- TTT options
- Sign of an Agreement

► Invalid consent > if any component not accepted or:

1. Mentally unsound patient
2. Blanket consent (hidden disclosure)
3. Consent obtained for criminal Activity

1.criminal Abortion 2. euthanasia 3. mutilating operation (hiding fingerprints)

4. when consent is not voluntary of free
5. when consent is obtained by force-fear-fraud

► Not required:

- Emergency
- if medical examination is **juristic** (Armed Forces or immigration)
- Brought by **police** except "local examination" for examination of sexual crimes
- if patient Directed by **Court**

except "**local examination**" for examination of sexual crimes needs consent

NB:

- **Consent from spouse** لازم موافقه من الزوجين

1. Termination of pregnancy

2. Sterilization

3. Artificial insemination

4. Donation of the sperms

5. Any operation than Can have a bearing on The sexual Rights of spouse.

لو حتي الطفل فيه خطر علي الام لازم موافقه من الاثنين

Medical professionalism

► Two Bridges seemingly unconnected: Art & science

(why professionalism remains vague for many ?)

1. The **evidence-based science** we learn → **science**
2. The **emotional & psychosocial** beings we touch → **Art**

► Def: **SN**

1. In general professionalism can be defined up as "the attributes, behaviors, commitments, values, and goals that characterize a profession."
2. Professionalism is the "habitual & judicious use of communication, knowledge, technical skills, clinical reasoning, emotions, values, & reflection in daily practice for the benefit of individuals & community being served.

Medical professionalism with Royal College of Physicians (RCP):

- A set of values, behaviors and relationships

Medical professionalism with the General Medical Council (GMC):

- **Doctor who makes the care of the patient their 1" concern by:**
 - keeping up to date
 - Competent
 - Skilled
 - Maintaining relationships with patients
 - Honest trustworthy
 - Act according Integrity and law

The National Health Service (NHS):

-NHS recognizes that for excellence to flourish, staff should be supported and value

Six values:

1. Patients come first
2. Honest
3. Respectful interactions
4. Commitment to quality
5. Compassion
6. Excellence.

► Professionalism incorporate 3 Coexisting commitments: (SN)

1. patient
2. profession
3. Community

► Professionalism involves 3 core skills:

1. Good Clinical skills
2. Good Communication
3. Good Management & Leadership skills

NB:

- Professionalism is not an external shield of Defense
- It must be seen as the Highly Desirable Core

Test your self Ethics & Professionalism

10. What is meant by medical ethics?

- a) Following personal beliefs
- b) Following hospital rules
- c) Following patient wishes
- d) Following culture, religion, and obeying the law

11. The first duty of a doctor is to prioritize:

- A. Hospital reputation
- B. Patient's interest
- C. Financial gain
- D. Legal compliance

12. What is the doctor's priority?

- A. Hospital rules
- B. Patient's interest
- C. Career advancement
- D. Legal compliance

13. What is the doctor's top priority?

- A. Hospital rules
- B. Patient's interest
- C. Career advancement
- D. Legal compliance

14. What does the NHS recognize as a condition for excellence to flourish?

- A. Patient satisfaction
- B. Financial incentives
- C. Supporting staff
- D. Legal reforms

Correct Answers:

- What is meant by medical ethics? → D
- The first duty of a doctor is to prioritize: → B
- What is the doctor's priority? → B
- What is the doctor's top priority? → B
- What does the NHS recognize as a condition for excellence to flourish? → C

► Def:

Our profession is to heal. In a patient encounter, we consider a right and good healing action for that patient in his or her circumstances.

Clinical judgment consists of three steps:

1. The diagnostic question → What is wrong with this patient?

Considering the patient's medical history, physical examination, laboratory test results, and other data

2. The therapeutic question → What can be done for this patient?

Which is frequently informed by the scientific evidence, and which comprises array of treatments that might help the patient.

3. the prudential question → What should be done for this patient?

Which clearly needs to involve the patient to determine the option that will win best

Professional responsibilities of doctors: SN

1. Maintain professional competence. كفاء
2. Honesty with patients لو المريض هيموت متقولوش انه حلو
3. Respect patient confidentiality
4. Maintain appropriate relations with patients.
5. Improve quality of care
6. Improve access to care.
7. Promote just distribution of finite resources.
8. Advance scientific knowledge
9. Maintain trust by managing conflict of interest
10. Fulfill professional responsibilities.

► Def: The 1st task of doctors maintaining is the primacy of **patient** welfare.

Six key elements of professionalism: SN

1. ALTRUISM: الإيثار

- ↪ The essence of professionalism
- ↪ The best interest of the patients, not self-interest, is the rule.
- ↪ It is at the core of medical practice.
- ↪ Some high-profile medical malpractice cases mean the public no longer perceives the medical profession as infallible.
- ↪ It is the claim of altruism that allows the medical profession to claim moral superiority.

2. INTEGRITY & ACCOUNTABILITY: الأمانة

- ↪ **Integrity:** encompassing honesty, keeping one's word, & consistently adhering to principles of professionalism, even when it is not easy to do so.
- ↪ **Accountability:** refers to reliability & answering to those who trust including us, our patients, colleagues, & society in general
- ↪ **These are fundamental to:**
 1. **Ensuring trust** between the public & healthcare professionals.
 2. **Foster healthy therapeutic relationships** that promote healing.
- ↪ **Required at many levels:**
 1. Individual patients.
 2. Society.
 3. Profession.
- ↪ **A lack of accountability in healthcare can cause:**
 1. **Significant damage** to your organization. يقولك القسم ده وحش
 2. **Erosion** in quality of care. ضيع وقت ومجهود
 3. **Ruin** your organization's reputation.
 4. **Increase** the risk of lawsuits. الناس ترفع قضايا
 5. **Put** patients' lives at risk.

3. EXCELLENCE المميز

- ↪ Medical excellence involves **more than compliance** automatically or matching a disease with a drug
- ↪ Medical excellence is **a philosophy of understanding** the needs of a patient & putting those needs in context through the development of an treatment plan. Individual
- ↪ Excellence entails a conscientious effort to **exceed normal expectations & make a commitment to life- long learning, [Beyond expectations](#)** .

4. DUTY: الواجب

- ↪ Most doctors who enter medical school state their intentions as that of wanting to **help their fellow humans to relieve their pain and suffering & aid in the healing of their illness, beyond the cure.**
- ↪ **Def: The free acceptance of a commitment to service.** This entails [being available](#) & [responsive when "on call,"](#) [accepting inconvenience](#) & [risk to meet needs of the patient.](#) Providing [the best possible care](#) regardless of the ability to pay and volunteering one's skills & expertise welfare. For community
- ↪ **The doctor uses** his medical [knowledge](#), [skills](#), [clinical methods](#) & [experience](#) to make a proper medical assessment. He next proceeds to formulate the goals of therapy or therapeutic plan, after determining the patient's concerns, expectations & preferences. He then proceeds to get the consent of the patient before starting with the treatment.

The goals of medicine: SN

1. **Prevention** of disease & injury + **promotion** & **maintenance** of health.
2. **The relief** of pain & suffering caused by diseases.
3. **The care** & cure of those with a disease + the care of those who cannot be cured.
4. **The avoidance** of premature death & the search for a peaceful death

5. HONOR: الشرف

- ↪ Being **truthful, meeting fair,** and **commitments** is essential.
- ↪ Requires the **highest standards** of behavior & **refusal to violate** one's personal & professional codes.
- ↪ It also **recognition require of conflicts of interest** & **avoiding relationships that allow personal gain to supersede best interest of the patient.**

6. RESPECT FOR OTHERS: احترام الآخرين

- ↪ We must respect patients, families, nurses, medical students and colleagues.
- ↪ **This is the essence of humanism.**
- ↪ Humanism in turn is central to professionalism and fundamental to enhancing collegiality among physicians
- ↪ As a doctor means that you are connected to a network of people with whom you must deal in a professional manner.

Though your patient your primary focus, you still have strong obligations to:

1. Your colleagues.
2. Your profession.
3. Yourself.
4. Your community.

Unprofessional behavior

الجزء ده ساعات مش بيتشرح لكن بيجي عليه اسئله وخصوصا mcq

Unprofessionalism: Contrary to professional standards or ethics.

Aspects of unprofessional behavior: MCQ

1. Abuse of power; abuse while interacting with patients and colleagues; bias and sexual harassment, and breach of confidentiality استغلال السلطة
2. misrepresentation lying, which is consciously failing to tell the truth; and fraud, which is conscious misrepresentation of material fact with the intent to mislead. الاحتيال
3. Arrogance, offensive display of superiority and self-importance الغرور
4. Impairment any disability that may prevent the physician from discharging his/her duties
5. Greed when money becomes the driving force
6. Lack of conscientiousness, failure to fulfill responsibilities. معندوش ضمير
7. Conflicts in interests self-promotion/ advertising or unethical collaboration with industry; acceptance of gifts; and misuse of services- overcharging, inappropriate treatment, or prolonging contact with patients تضارب المصالح

Effects / Results of unprofessional behavior:

1. Increased workplace difficulties
2. Decreased Morals
3. Decline in patient care

Categories of unprofessional behavior:

1. Illegal/Criminal acts

- ➔ In addition to the penalties imposed by the legal system for a criminal conviction, a physician may also be disciplined and lose his medical license based solely on the fact that he was convicted for a crime or offense. For example, using illegal drugs.

2. Immoral acts:

- ➔ "Immoral" acts generally fall into the limited category of **sexual** activity with individuals that may be patients

3 Violation of medical practice 3 Categories

➤ **Quality of care.**

➤ **Negligence**

Def. Is an act by a health care provider in which the treatment provided falls below the accepted standard of practice in the medical community and causes injury or death.

- range from minor to severe
- destitute with the way the doctor performs his duties

Examples

1. Failure to maintain records of a patient, related to diagnosis, treatment & care.
2. Altering medical records.
3. Failure to make medical records available for inspection.

How to prove negligence MCQ

1. A duty of care was owed by the physician
2. Physician violated applicable standards of care
3. Patient suffered a compensable injury.
4. The injury was caused by substandard conduct

➤ **Administrative errors**

Physician's Failure to report about any person who:

- a. Is in violation of the law.
- b. Is in violation of the code of professional conduct.
- c. Is impaired or disruptive

4. Business-related acts

These acts are related to the operation of the business, NOT the quality of the care

examples: أمثلة للفهم فقط

1. Obtain, maintain, or renew a license to practice medicine by bribery, fraud, or misrepresentation
2. The use of false, misleading, inaccurate, or incomplete statements, to renew or to obtain a medical license
3. Aiding, assisting, employing, or advising, either directly or indirectly, any unlicensed person to engage in the practice of medicine

 - D. Responsibility
- 6. What is meant by voluntary commitment or service?**
 - A. Availability
 - B. Responsibility
 - C. Integrity
 - D. Dedication
- 7. What is the essence of medical practice?**
 - A. Integrity
 - B. Excellence
 - C. Compassion
 - D. Knowledge
- 8. What is the essence of professionalism?**
 - A. Integrity
 - B. Compassion
 - C. Knowledge
 - D. Excellence
- 9. Which of the following is considered medical negligence?**
 - A. Failure to diagnose
 - B. Wrong prescription
 - C. Ignoring patient complaints
 - D. All of the above
- 10. Failure of a doctor to report someone who violates the law or professional conduct is called:**
 - A. Administrative errors
 - B. Negligence
 - C. Fraud
 - D. Arrogance
- 11. What is meant by fairness, honesty, and fulfilling obligations?**
 - A. Integrity
 - B. Honor
 - C. Responsibility
 - D. Excellence
- 12. What is the focus of a doctor's care?**
 - A. Hospital rules
 - B. Legal compliance
 - C. Financial gain
 - D. The patient

Correct Answers:

1. C 2.a 3.b 4.a 5.c 6.a 7.b 8.d 9.d 10.A

Ethical relations with fellow colleagues

- **Colleagues** include all staff (nurses, doctors, cleaners)
- A great care should be taken while dealing with fellow colleagues.
- You must treat your colleagues with **respect**.
- It is essential for good & safe patient care that doctors work effectively with colleagues from other health & social care disciplines, both within & between teams and organizations.
- Whatever the composition of the teams you work in, you must respect & value each person's skills & contribution

Principle should be observed:

- Hold your fellow colleagues as your brothers.
- Do not criticize your colleague in the presence of a patient.
- If the difference of opinion is there, talk to him directly and not through the patients,
- Do not entice جذب the patients from your colleagues.
- If your colleague has sent some patients to you for consultation, send the patient back to him after you have done your due. خلصت دورك مع المريض رجعه ل زميلك
- Do not involve in fee splitting with your colleagues. ميقاش فيه خلاف بينكم علي الفلوس
- If possible, an assistant should not open practice in the same area where his senior is practicing. متفتحش عياده جنب استاذك

Duties of the doctor :

1. Notification of births and deaths
2. Notification of infectious disease
3. Notification of poison cases
4. Notification suspicion of death cause
5. Respond help to patient متقولش ده بره وقت شغلي
6. Obtain consent of patient
7. Write certificates to patient
8. To conduct postmortem examination externally or internally
9. To inspect prisoners مترفضش علاج المساجين
10. To attend emergency cases لو فيه طوارئ حتي لو مش تخصصك
11. To conduct medicolegal examination وصف شرعي طب

What is meant by medicolegal case:

Def. It is a **case of injury** where an attending doctor after taking history & clinical examination of the patient, thinks that some investigation by law enforcing agencies is essential SO as to fix responsibility regarding the case.

Registration a case as medicolegal:

- It is purely the responsibility of **the attending doctor** to register the case at the earliest. If some delay occurs, the case can be made medicolegal at any time. However, doctor should not act as a detective. The **main duty** of the doctor is to **observe & record things correctly**.
- The request of the patient or relative/friend for not registering the case as medicolegal **should not be entertained**. The medical officer has to make **his own decision**.

Duties of a medical practitioner in medicolegal cases

1. To **save life** of the patient and to give treatment.
2. Medical practitioner at emergency should decide whether the case is to be **registered** as medicolegal or not.
3. **Consent** of family members is not required for registration of a case as medicolegal

Cases to be labeled as medicolegal:

- Roadside accidents, factory accidents / any other unnatural mishaps.
- Suspected / evident homicides / suicides including attempted ones.
- Suspected / evident poisoning.
- Burn injuries due to any cause.
- Injury cases where foul play is suspected,
- Injury cases where there is likelihood of death in near future.
- Suspected / evident sexual offences.
- Suspected / evident criminal abortions.
- Unconsciousness when cause of unconsciousness is not clear.
- Case brought dead with improper history.
- Cases referred by courts.

Preservation of trace evidence:

1. **All clothing** worn by any injured patient & removed in hospital / clinic should be preserved carefully.
2. Similarly, **gastric lavage, bullets, pellets, weapons** removed from the body of the patient must be preserved carefully & sent to police under sealed envelope.
3. **All X-rays** should be preserved & handed over to police under proper receipt.

Part 2 Communication

Personality types

MBTI is made up of 4 different scales to measure personality preferences :

1. Energy style

- **Extraversion** > **Outward** tuning, **action** oriented
الشخص اجتماعي و يحب التطبيق زي طبيب السيكتري و قادر يبدأ مهمه
- **Introversion** > **Inward** tuning, **thought** oriented , reflecting internally
شخص يحب العزله و التعلم العميق و التعلم لوحده زي دكتور الطوارئ

2. Cognitive style

- **Sensing** > Focus on **facts**, **present realities** & **details**
شخص يهتم بالتفاصيل زي منظم المؤتمرات
- **Intuition** > Focus on **patterns** & **impressions** , brain storming abstract ideas
شخص يهتم بالشكل العام و معندوش خلق و يحب يحل مشاكل زي د الاشعه

3. Value style

- **Thinking** > depend on **facts** & **objective data** in making decisions
منطقي التفكير
- **Feeling** > depend on **emotions** & **personal values** in making decisions
شخص يعتمد على مشاعره

4. Life style

- **Judging** > **strict** & **firm** person
شخص صارم يتبع خطة زي دكتور جراحه ماشي علي ليستة
- **Perceiving** > **Flexible** & **adaptable** person
شخص مرن يحب الإبداع زي دكتور الطوارئ و يحب يستحي بيانات جديدة

N.B:

- Based on these scales, there are **16 personality types**
- **No** personality type is best or **better** than another
- لا يجب أن تطغي اي شخصيه علي الاخرى و إلا أصبحت كارثة

Leadership types

Leadership Function:

1. Directing (telling) (**high directing** & **low supporting**)

قادر يوظف التيم و مناسب لقياده تيم حديث التشكيل

2. Coaching (**high directing** & **high supporting**)

له رؤيه و يوجه فريقه ل تحقيقها زي اجمع فريق واقوله عندنا مؤتمر بعد شهر و عايزين افكار

3. Supporting (collaboration) (**low directing** & **high supporting**)

يطببطب و يساعد التيم

4. Delegating (**low directing** & **low supporting**)

يفوض الشغل و يقسمه علي الناس و الأشغال غير القابله للتفويض

Leadership Types:

1. Coercive Leadership Style: (Do what I tell)

- directive or commanding
- fix a problem quickly
- good in crises
- negative effect on overall climate on long term

2. Authoritative Leadership Style: (Come with me)

- Visionary leadership
- Has Positive impact on the climate

لما يروح يتصور يعوز يتصور مع التيم بتاعه

3. Affiliate Leadership Style: (People come first; Caring style)

بتاع الطبطة

- positive work environment
- share ideas and inspiration.

4. Democratic Leadership Style: (what do you think)

- participative leadership
- flexible and collaborative
- Disadvantage frequent meetings to discuss

و عيبه سرقة الأفكار و عرضها اني انا اللي عامل

5. Pacesetting Leadership Style: (Do as I do now) اعملوا زيي انا مثالي

- obsessive about doing things right and fast.
- high achiever
- و عيب كده ان كل زماله يحسوا نفسهم مش هيوصلوا ل كفاءته ف مستواهم يقل في الشغل
- Shouldn't work with no achiever

6. Coaching Leadership Style: (Try this a counsellor)

- work one-on-one عارف كل واحد في التيم و شغال معاه
- open to improvement.
- Helping people to know their strength and weakness and work upon them

Leadership shifts (مركزتش عليها)

1. From Individual heroics to Collaborative actions
2. From Despair and cynicism to Hope and possibilities
3. From Blaming others for problems to Taking responsibilities for challenges
4. From Scattered and dis connected activities to Purposeful, interconnected actions
5. From Self-absorption to Concern for the common good

TEAM WORK

Def: Teamwork is the process of working **collaboratively** with a group of people to achieve a **specific goal**.

- It involves the combined efforts of individual members who bring their unique knowledge and skills to the table

Benefits in workplace: SN

1. **Increase** productivity
2. **Enhance** communication لاوم نوافق علي كلام بعض و نحترمه حتي لو اختلفنا
3. **Boost** morals
4. **Sharing** knowledge and experience
5. **Increase** accountability المسئوليه
6. **Promote** solving skills
لو حد ضعيف شخصيا هتكون حلوله ضعيفه ف بحطه مع ناس قويه فكريا وليس ضعيف النفس و يشعر انه جزء من المؤسسة
7. **Decisions** making
8. **Decrease** stress

Team building strategies: SN

1. **Set** a goal
2. **Coaching**
3. **Collaboration**
4. **Support** لازم احل مشاكل التيم بتاعي ولو غلط انا اللي أبلغ الغلط ده
5. **Motivation**
6. **Training** مفيش تيم من غير تدريب و لازم اكون دارس كل سؤال ممكن اتسأله من التيم
7. **Power** team members
8. **Encourage** risk taking لازم تاخذ ريسك
9. **Support** continous learning
10. **Celebrate** success كل ما اوصل نتيجة هحتفل بيها واقول كل واحد عمل ايه

DISC THEORY

يحدد مدي الجهد المبذول للانتقال من هيئة شخصيه ل اخري
و قسمت الي ٤ صفات تختلف نسبتها من شخص ل ثاني

Categories:

1. (D) Dominant person صارم و عصبي

- Able to solve problems
- Good in crises
- High tone

2. (I) Influent person شخص جذاب

- Promotor
- Fear of rejection
- Look for fun not project

3. (C) Conscientious (Analyzer) شخص مدقق

- Fear of criticism يخاف النقد
- Monotonous voice

4. (S) Supportive ودود و يشجع اللي حواليه

- No emotions
- Fear of loss of security
- Doesn't like changes or competition

Importance of DISC: SN

1. A common language كل واحد يعرف شخصيه اللي قدامه و يتفادي عيوبه
2. Raise self-awareness اعرف عيوب شخصيتي واحاول أوجه قراراتتي
3. Improve teamwork
4. Make a conflict more productive يعني مثلا لو فيه فوت مشينا علي فكره و فشلت المعارضين مش يقولك شفت و يتريق بل لازم يساند
5. Develop stronger effective sales skills احنا بنبيع خدمه طبيه مينفعش اي ضغط يآثر علينا
6. Manage more effectively
7. Train without judgment متعدهش تقييم حد و توجه عليه

Test your self

13. Which of the following is a leadership style?

- A. Supporting.
- B. Judging.
- C. Sensing.
- D. Thinking.

14. Which of the following is a personality type?

- A. Supporting.
- B. Delegating.
- C. Sensing.
- D. Coaching.

15. Which of the following is an important outcome of the Disc theory?

- A. Train without judgment.
- B. Learning management skills.
- C. Flow information.
- D. Ideas of subordinates encouraged.

16. Which of the following is a leadership style?

- A. Feeling.
- B. Sensing.
- C. Delegating.
- D. Intuition.

17. Which of the following could be a DISC theory importance?

- A. Common language
- B. Developing good people relationship
- C. Flow information
- D. Preparing people to accept change

18. Which of the following could be leadership style?

- A. analyzer
- B. promotor
- C. coaching
- D. dominant

Driving force

Things that occur in organization and affect the way it operates either in negative or positive

ودي القوي اللي بتخليني امشي في اتجاه

1. Knowledge:

- **Intellectual** driven by opportunities for research, truth & knowledge. Good at planning and academic jobs

عقلاني تقوله مثلا دي جات في بحث و معلومات

- **Instinctive** driven by experience, practice, Intuition. Good at business and commercial jobs
جات من التجارب و الخبرات زي كلمت صاحب البحث

2. Utility: Return on investment

- **Selfless** driven by complete great things لا ينتظر نتيجة ماديته مثلا المتطوعين
- **Resourceful** driven by practicality and wait for return of their time and efforts

يشوف مجهوده هل يساوي النتيجة ام لا

3. Surroundings: Harmoniousness

- **Objective** driven by functionality and practicality of surroundings
هتكلم عن طريق التجربه و الممارسه
- **Harmonious** driven by experience, subjective, viewpoints and balance of surroundings
البيئه حواليه فيها خبرات و ناس هيعلموني

4. Others people: Value giving, helping

- **Intentional** to assist people only for a specific purpose not only for seek of being helpful
And its drawback : may miss people who really need help
يساعد بعاند و ساعات يحب يساعد بهدف المساعدة و ممكن يقدم المساعدة دي
لحد مش محتاجها بس هو عايز يساعد
- **altruistic** regards no return but its drawback is creating dependency. يساعد بدون عائد

5. Methodologies: How meaning full systems align with them

- **Receptive** driven by ideas and opportunities falling outside a defined system
يبحث عن افكار جديده و حاجات متعملتش قبل كده و يقبل افكار الناس تحته
- **Structured** driven by tested systems, traditional approaches and proven methods
شخص تقليدي يحب افكار تقليديه

6. Power:

- **Collaborative** like to be in a supportive role working behind the scene and in a team
عاوز يساعد وممكن بيقا جزء من فريق
- **Commanding** driven by love of control without emotions and driven by status, recognition
عايز بيقا متشاف او قائد الفريق بعد كده

Test yourself DRIVING FORCES

1. Which of the following one driving forces?

- a) Utility
- b) Introversion
- c) Perception
- d) Feeling

2. What meant by things that occur organization and affect way operates either positive negative way?

- a) DISC theory
- b) Driving forces
- c) Value style
- d) Communication channel

3. Which of the following right order process communication?

- a) Ideas-encoding-source
- b) Receiver-decoding-feedback
- c) Source-communication channel-encoding
- d) Decoding-sender-ideas

4. Which of the following one driving forces?

- a) Introversion
- b) Perception
- c) Power
- d) Feeling

5. What can we call things, situations, events etc that occur within organization affect way organization operates, either positive negative way?

- a) DISC theory
- b) Leadership styles
- c) Driving forces
- d) Personality type

6. The right order process communication

- a) Communication channel, idea, feedback
- b) Decoding, receiver, encoding
- c) Idea, sender, feedback
- d) Sender, encoding, receiver

7. Which of the following one driving force

- a) Thinking
- b) Surrounding
- c) Feeling
- d) Performance

1.A 2.B 3.B 4.C 5.B 6.D 7.B

Communication

► Def:

Communication is a process by which two or more people exchange ideas, opinions, facts, feelings or expressions in a way that each gain a common understanding of the message being communicated.

► Communication process is a **continuous** and **life-long process**.

► It is a dynamic, constantly moving, ever-changing and on-going

► **Communication is ineffective as:**

1. Failure to listen
2. Failure to give information
3. Lack of concern and respect

Basic purpose of communication: (Creation of MEANING) SN

1. **Flow** of Information
هتقل المعلومات الهامه فقط يعني لو رايح اكشف ادي المهم للدكتور محكيش كتير
2. **Coordination**
مين عنده قدره علي اتخاذ القرار و توزيع المهام علي الشخصيات
3. **Management** skills
للسيطرة علي النفس وأفعال من حولنا
4. **Preparing** people to accept changes
زي عمل افلام ل جعل الشعب يتقبل فكره ادويه منع الحمل مثلا
5. **Developing** good human relationships
تعاملات ما بين الاستف و بعضه
6. Ideas of subordinates **encouraged**
مثلا ايه مقترحاتكم ل تطوير العملية التعليمية و اخذ القابل للتنفيذ

Principles of effective communication: (7C) SN

1. **C**ompleteness خلي معلوماتك كامله
2. **C**onciseness تلخيص ل توصيل المعلومه بأقل وقت و تكلفه و ترتيب أولويات جيد
3. **C**onsideration مينفعش اقولها كلمه ورم مثلا و هنهين الكلمه عليه عشان يتقبلها
4. **C**larity الوضوح
5. **C**oncreteness مؤيده ب مصادر و إحصائيات
6. **C**ourtesy خليك مهذب و محترم و تون كويس
7. **C**orrectness > no language errors & trust full

Process of communication: SN

1. **Sender or source**
2. **Ideas or messages** e.g.. Opinion, feelings, views, orders & suggestions
3. **Excoding** أحول فكرتي ل كلام
4. **Communication Channel**
5. **Receiver** الشخص اللي استقبل المعلومه
6. **Encoding** يحول المعلومه و الكلام لفهم
7. **Feedback** لازم اقله أخطائه عشان يعدل نفسه و ميعملش خطئه

Communication Channels: SN

1. **Formal:** follow the chain of command

خطاب من العميد ل رئيس القسم و عيبها بعد المسافه و الوقت الطويل زي البوسطه

2. **Informal:** disruption the chain of command

زي الواتس مثلا و ده مش كويس نستخدمه في شغلنا خصوصا القطاع الطبي

3. **Unofficial** social gathering between co-workers:

- **Intrapersonal communication**

اكلم اقوي شخص في الهيئه عشان يؤيد فكرتي اما أقدمها

- **Interpersonal communication**

مخاطبه شخص أو مجموعه بصورة مباشره

- **Mass communication**

بجمع ناس زي عشاء عمل حاجه غير رسميه عشان نخط نيه ل حاجه رسميه

Types of communication: SN

1. Verbal:

Oral	- Affected by: pitch, Tone, volume, speed & clarity of speech - limitations: • Language • Ambiguity & overuse of obstructions مينفعش اتكلم باختصارات • Disorganized message لازم يكون كلامي مرتب • Information overload كلام كثير
Written	- must be simple contised - keep your reader in mind before you write - information لازم تكون كامله - tone صعب تظبطه - language كلامك مضبوط ككتابه - length لازم قصيره

2. Non-verbal:

- When you are silent you are talking
- Facial Expressions
- Tone of Voice
- Movement
- Appearance
- Eye Contact
- Gestures
- Posture

► The Power of Nonverbal Communication:

- a) **When we are just silent**, our emotions are generally expressed through nonverbal communication.
- b) **It reflects** our personality and sociocultural status.

Characteristics of effective communicator: SN

1. **master your topic** اللي متعرفوش متحطوش
2. **listening & understanding**
3. **observance** اعرف انطباع الناس اللي قدامكم
4. **clarity & brevity** يقول مش فاكر المعلومه اللي انا مش عارفها و ابقا مستمع اللي قدامي
5. **emotional intelligence**
اعرف مشاعر اللي قدامك و تعامل مع مراعاتها لو زعلان متضحكش في وشه مثلا
6. **self efficacy**
7. **self confidence**
8. **respectfulness**
9. **non verbal communication**
10. **selection of right medium** كل كلام ليه مكانه
11. **providing feedback** حاجات حلوه و في النص حاجه وحشه

Factors that influence communication: SN

- 1) **The human factor** which involves both the sender and the receiver.
الشخص نفسه بيتكلم
- 2) **The physical factors**
مفيش داتا او شاشه او مايك او مدرج زحمه مثلا
- 3) **The emotional factors** involve emotions such as anger or hatred
لازم الدكتور يفصل كل حاله عن التانيه و متاثرش علي نفسيته
- 4) **The message itself.** The code chosen must be acceptable and understandable to all.

Barriers to communication: SN

► **Barriers:** SS PP LC

- 1) **Social Barriers** بخاطب بيئه مختلفه مثلا
- 2) **Social-economic status of the receiver** (including the cultural aspects)
- 3) **Language/vocabulary**
- 4) **Competition for attention.** منافسه الحوار
- 5) **Physical Body Barriers.** i.e., Defective sight or Defective hearing
- 6) **Physical Environmental Barriers** المكان غير مهياً

► **How to overcome some of the barriers:**

- 1) By knowing the audience.
- 2) The message/activity must be fitted into the time of the situation. مترتب
- 3) Deliver the message at the right time.
- 4) Spirit of humility may overcome the age barrier انسانيه

Test yourself COMMUNICATION SKILLS

1. Which of the following is purpose communication?

- a) Train without judgment
- b) Raise self-awareness
- c) Make conflicts more productive
- d) Flow information

2. Which of the following principle effective communication?

- a) Structured
- b) Clarity
- c) Objective
- d) Altruistic

3. Physical appearance aspect which of the following?

- a) Oral communication
- b) Nonverbal communication
- c) Written communication
- d) Official communication

4. Mass Communication Official Communication considered one which of the following?

- a) Formal Communication
- b) Informal
- c) Unofficial Communication
- d) Verbal Communication

5. Which of the following principle effective communication?

- a) thinker
- b) perceiving
- c) courtesy
- d) feeler

6. Which of the following purpose communication?

- a) improve teamwork
- b) make conflict more productive
- c) raise self-awareness
- d) Ideas subordinates encouraged

7. Intrapersonal Communication type of

- a) Formal Communication
- b) Informal Communication
- c) Unofficial Communication
- d) Mass Communication

8. Which of the following could be limitation oral communication?

- a) Ambiguity
- b) Open ended question
- c) Courtesy
- d) Length message

1.D 2.B 3.B 4.C 5.C 6.D 7.C 8.A

Delegation

► **Def:** Giving authority according Function

مسؤوليات و ادليه صلاحيات بحيث يحس بالمشاركه و الانتماء و يكون عنده بديل و عشان لو مش فاضي

Strategies:

1. Telling هقول لحد معين ينفذ مهمه معينه
2. Participating هقول لمجموعه كل واحد يعمل حاجه
3. Selling لو عايز الناس يتطوعوا
4. Delegating (pure delegation) سايبه مهمه ل اي حد يعملها و ده اما اكون واثقه في التيم بشكل كلي

When to do delegation: SN

- 1) When there is a lot of work
- 2) When you feel someone else has a particular skill or qualification that would suit a task
- 3) When someone expresses an interest in a task
- 4) When you think a particular member might benefit from the responsibility (i.e., an emerging leader in your organization)

When not to do delegation: SN

1) Your own "hot potatoes" (extremely important matter with serious consequences, emergencies, matter of exception to a policy, etc.) قرارات استراتيجيه

2) Things that are usually your specified responsibility

حاجات ماليه او تدخل السجن

3) Things you would not be willing to do.

4) A task to a member who may not possess the skills necessary to do the task successfully.

Steps of delegation: SN

1. Choose the **right person**
2. **Member** who have the abilities
3. **Define** the job and set mutual expectations.
4. **Give** detailed explanations
5. **focus** on the results rather than the method
6. **Set** a deadline for the job
7. **Follow-up** work متابعه
8. **Evaluate** the performance after completion ولازم يكون ليه استاندرد
9. **Give** recognition

Negotiation

- **Definition:** Negotiation is back and forth communication designed to reach agreement or to reach the desired outcome regarding one or more issues of conflict while leaving the other side intact and positive. Easier to negotiate when the two sides have some shared interests and some opposed.

Steps: SN

1. Preparation

لازم احط هدف للنقاش ده و اخطط له

2. Open discussion

اتكلم مع الناس دي قبل ما اقابلهم

3. Clarification of goals

دارس الناس و اهدافهم و المشترك ما بيننا

4. Negotiation

5. Agreement

لازم امضي موافقه علي كل حاجه او لو مفيش اعمل معاد مقابله تانيه

6. Implementation of a plan

احدد خطوات و بنود تحقيق الهدف بعط الاتفاق

Negotiation skills: SN

1. Communication

2. Emotional Intelligence

3. Practice active listening

4. Remain open to collaboration

5. Stay calm throughout

6. Let the facts guide you

Mcq Test Yourself

1) Which of the following is back and forth communication designed to reach agreement or to reach the desired outcome while leaving the other side intact and positive?

- A. Delegation
- B. Managerial leadership
- C. Communication
- D. Negotiation

الجزء ده الدكتوراه قالت مش مهم التفاصيل ف حطينا اللي ممكن يجي بس

Five key steps in clinical interviews:

The C-L-A-S-S Protocol

- ⇒ **C- CONTEXT** The physical set up of the area you choose for the interview
- ⇒ **L- LISTENING SKILLS** How to be an effective listener
- ⇒ **A- ACKNOWLEDGE** How to validate, explore and address emotions and concerns
- ⇒ **S- STRATEGY** How to provide a management plan that the patient can understand
- ⇒ **S- SUMMARY** How to summarize and clarify the conversation ensuring comprehension

Protocol for breaking bad news:

The S-P-I-K-E-S Protocol

- ⇒ **S- SETTING** Up the Conversation
- ⇒ **P- PERCEPTION**
- ⇒ **I- INVITATION**
- ⇒ **K- KNOWLEDGE**
- ⇒ **E- EMOTIONS**
- ⇒ **S- STRATEGY and Summary** اللي هو عايز يسأل عنه

Protocol for telling that a medical error had occurred:

The C-O-N-E-S Protocol

- ⇒ **C- Context**
- ⇒ **O- Opening Shot**
- ⇒ **N - Narrative**
- ⇒ **E- Emotions**
- ⇒ **S- Strategy & Summary**

• Uses:

- 1) Telling that a medical error has occurred.
- 2) There is a sudden deterioration in the patient's medical condition

Protocol for identifying and exploring emotions:

The E-V-E Protocol

⇒ **E**- Explore the Emotion

⇒ **V**-Validate the Emotion

⇒ **E**-Empathic Response

conflict

► **Def:** Active disagreement between people with opposing opinions or
Ability to : -

- **Stay calm** زي اللي بياخدوا مهدئات
- **Control your self**
- **Listen carefully**
- **Respect differences** اختلافات بين الاجيال
- **Stable ethics** أخلاقيات ثابتة
- **Prioritization** حط أولوياتك
- **Choose you battle** متتخانش علي اي حاجه
- **Be willing to forgive** قادر تسامح
- **No win to let go** لو كملت الحوار هتخسر
- **Reduce tension** هزر في نص الحوار بس ده مينفعش مع كل الشخصيات
- **Active listening**
- **Empathy and understanding**
- **Find common ground**
- **Compromisation and Collaboration**
- **Personal attacks** الناس اللي بيهاجموك في الحوار لمجرد المهاجمه
- **Jumping to conclusions**
- **Holding your crudes** الغيره والحق لا زم يكونوا بعيدين عن المصالح
- **Splitting the conflict** متتفاوضش ساعه ما ترهق

Emotional intelligence

- **Def:** the ability to understand, use, and manage your own emotions in positive ways to relieve stress, communicate effectively, empathize with others, overcome challenges and defuse conflict.

Importance: **SN**

1. Building relations
2. Motivation
3. Empathy
4. Difficult times
5. Control
6. Understand myself and my needs
7. Stay stable in a team

How to improve it:

1. Ask for feedback
2. Stay reading
3. Learn new skills
4. Meditation
5. Listen to your emotions
6. Keep your passions
7. Reflect in your experience
8. Set goals
9. Positive self-talks

1. Ethics

1. Seeks to understand the nature of ethical properties, statements, attitudes and judgments.
 - a. Applied ethics
 - b. Meta ethics
 - c. Normative ethics
 - d. Bioethics
2. Investigates a set of questions that arise when considering how one ought to act & speak morally.
 - a. Meta ethics
 - b. Applied ethics
 - c. Bioethics
 - d. Normative ethics
3. Application of moral standards in various practical fields.
 - a. Applied ethics
 - b. Meta ethics
 - c. Normative ethics
 - d. Bioethics
4. The moral principles system that governs the conduct of an individual or group of individuals.
 - a. Bioethics
 - b. Ethics
 - c. Meta-ethics
 - d. Normative ethics
5. Branch of Ethics that helps in identification, analyzing, and resolving ethical issues that arise from health care provision.
 - a. Clinical ethics
 - b. Research ethics
 - c. Bioethics
 - d. Public health ethics
6. Branch of bioethics that helps in identification, analyzing, and resolving ethical issues that arise in the health care of individual patients.
 - a. Clinical ethics
 - b. Research ethics
 - c. Bioethics
 - d. Public health ethics
7. Branch of bioethics that helps in identification, analyzing, and resolving ethical issues that are encountered before, during & after the conduct of health-related research.
 - a. Clinical ethics
 - b. Research ethics
 - c. Bioethics
 - d. Public health ethics
8. Branch of bioethics that helps in identification, analyzing, and resolving ethical issues that are encountered in the conduction of public health interventions.
 - a. Clinical ethics
 - b. Research ethics
 - c. Bioethics
 - d. Public health ethics
9. What is meant by medical ethics?
 - a. To follow traditions & culture
 - b. To follow religious beliefs
 - c. To obey the law
 - d. To follow traditions, religion & obey the law
10. The bioethical question "How should we do it?" refers to what?
 - a. The cost of treatment
 - b. The method or manner of medical care
 - c. Legal procedures
 - d. Institutional rules

1) B 2) D 3) A 4) B 5) C 6) A 7) B 8) D 9) D 10) B

2. Patient Rights & Responsibilities

1. What is meant by autonomy?
 - a. Free decision
 - b. Professional secrecy
 - c. Do no harm
 - d. Taking the patient as an equal partner in decision-making
2. What is meant by non-maleficence?
 - a. Free decision
 - b. Professional secrecy
 - c. Do no harm
 - d. Equality in treatment
3. What is meant by confidentiality?
 - a. Free decision
 - b. Professional secrecy
 - c. Do no harm
 - d. Equality in treatment
4. What is meant by justice?
 - a. Free decision
 - b. Professional secrecy
 - c. Do no harm
 - d. Equality in treatment
5. The perfect version of autonomy is:
 - a. Altruism
 - b. Beneficence
 - c. Informed consent
 - d. Confidentiality
6. Ethical obligation to maximize benefits and to minimize harms.
 - a. Autonomy
 - b. Beneficence
 - c. Justice
 - d. Confidentiality
7. Which of the following is considered as a patient's right?
 - a. Autonomy
 - b. Meeting Financial Commitments
 - c. Show respect to medical staff
 - d. Excellence
8. Confidentiality is absolute, the physician mustn't breach it for any reason.
 - a. True
 - b. False
9. When is disclosure of confidentiality permitted?
 - a. Upon request of family members
 - b. Upon request of a friend
 - c. For the sake of the public
 - d. Discussion of sensitive information with others

10. Follow hospital rules, communicate openly, show respect and consideration for medical staff. This refers to:
- Patient's rights
 - Patient's Responsibilities
 - Patient confidentiality
 - Patient autonomy
11. Respecting the patient's wishes refers to:
- Altruism
 - Arrogance
 - Autonomy
 - Excellence
12. Providing the exact same care to every patient is:
- Honor
 - Excellence
 - Autonomy
 - Justice
13. In domestic violence, a doctor should impart the information without the patient's consent.
- True
 - False
14. In infectious diseases, a doctor should breach confidentiality without discussing the issue with the patient.
- True
 - False
15. Confidentiality may be disclosed in all the following except:
- Discussion of sensitive information with other doctors
 - When information is ordered by a court
 - Suicidal tendency
 - In an insurance company
16. What is the ideal form of autonomy?
- Patient refusal
 - Informed consent
 - Legal compliance
 - Doctor's decision
17. What is meant by the principle of non-maleficence?
- Do no harm
 - Provide benefit
 - Respect autonomy
 - Maintain confidentiality
18. The ethical commitment to increase benefits and reduce harm is called:
- Non-maleficence
 - Beneficence
 - Justice
 - Autonomy
19. When is it allowed to breach confidentiality?
- For public interest
 - For financial gain
 - For legal compliance
 - For research

20. If a doctor fails to provide required information before consent, he is accused of:
- a. Fraud
 - b. Negligence
 - c. Arrogance
 - d. Ignorance
21. Following hospital rules, communication, and respecting medical staff refers to:
- a. Patient rights
 - b. Doctor's duties
 - c. Patient responsibilities
 - d. Hospital policy
22. Equal treatment of patients in all aspects of medical care means:
- a. Autonomy
 - b. Beneficence
 - c. Justice
 - d. Confidentiality
23. Confidentiality may be breached in the following cases:
- a. Legal requirement
 - b. Public interest
 - c. Patient consent
 - d. All of the above
24. What is the perfect version of Autonomy?
- a. Confidentiality
 - b. informed consent
 - c. beneficence
 - d. Professionalism
25. It refers to the ethical obligation to maximize benefits and to minimize harm. What does this mean?
- a. Autonomy
 - b. Beneficence
 - c. Justice
 - d. Confidentiality
26. What does Confidentiality mean?
- a. Professional secrecy
 - b. Free decision
 - c. Equality in treatment
 - d. Do no harm
27. Follow the rules of hospitals, Communicate openly & Show Respect and Consideration to medical staff. This refers to what?
- a. Patient's rights
 - b. patient confidentiality
 - c. Patient's responsibilities
 - d. patient's autonomy
28. Patients should have equal chances in all aspects of medical care. What does it mean?
- a. Beneficence
 - b. Autonomy
 - c. Justice
 - d. Confidentiality

29. What is meant by the ethical obligation to maximize benefits and to minimize harms?

- a. Beneficence
- b. Justice
- c. Non-maleficence
- d. To be able to take free decision

30. Professional secrecy can be disclosed in the following cases:

- a. to notify a contagious disease
- b. One of the patients
- c. While defending malpractice of the treating physician
- d. All of the above

31. Professional secrecy can be disclosed in which of the following cases?

- a. On request of the patient
- b. While defending malpractice of the treating physician
- c. To notify a contagious disease
- d. All of the above

32. It refers to maximizing the gain of the patient. What does this mean?

- a. Autonomy

5. Celebrating success is one of the:

- a. Team building strategies
- b. Barriers to communication
- c. Negotiation skills
- d. Delegation steps

1) B 2) A 3) C 4) A 5) A

3. Disc theory

1. Which of the following is a personality of DISC Theory?
 - a. Directing
 - b. Influence
 - c. Sensing
 - d. Thinking
2. Which of the following is an important outcome of DISC Theory?
 - a. Coordination
 - b. Improve Teamwork
 - c. Learning management skills
 - d. Flow of information
3. Which of the following is an important outcome of the DISC theory?
 - a. Train without judgment
 - b. Learning management skills
 - c. flow information
 - d. ideas of subordinates encouraged
4. Which of the following could be a DISC theory importance?
 - a. Common language
 - b. Developing good people relationship
 - c. Flow of information
 - d. Preparing people to accept change
5. Which of the following is an importance of DISC theory?
 - a. Flow of information
 - b. Ideas of Subordinates Encouraged
 - c. Preparing People to Accept Change
 - d. Develop stronger, effective sales skills
6. Steadiness is related to which of the following?
 - a. Communication style
 - b. Personality type
 - c. DISC profile
 - d. Leadership style
7. Which of the following could be the importance of DISC theory?
 - a. Make conflict more productive
 - b. Flow of Information
 - c. Providing Feedback
 - d. Competition for attention
8. Which of the following DISC style leads by motivation?
 - a. Dominance
 - b. Influence
 - c. Steadiness
 - d. Conscientiousness

1) B 2) B 3) A 4) A 5) D 6) C 7) A 8) B

4. Driving forces

1. Which of the following is one of the driving Forces?
 - a. Dominant
 - b. Sensing
 - c. Utility
 - d. Directing
2. What is meant by: things that occur in the organization and affect the way it operates either in a positive or negative way?
 - a. DISC Theory
 - b. Value style
 - c. Communication channels
 - d. Driving Forces
3. Which of the following is Driven by research & knowledge?
 - a. Commanding
 - b. Intellectual
 - c. Harmonious
 - d. Altruistic
4. Which of the following is Driven by love of control?
 - a. Commanding
 - b. Altruistic
 - c. Collaborative
 - d. Receptive
5. Which of the following is Driven by experience balance of the surroundings?
 - a. Objective
 - b. Receptive
 - c. Harmonious
 - d. Structured
6. Which of the following is Driven by helping others without regard to any return?
 - a. Altruistic
 - b. Receptive
 - c. Collaborative
 - d. Objective
7. Which of the following is Driven by new ideas and opportunities that fall outside a defined system?
 - a. Objective
 - b. Intentional
 - c. Selfless
 - d. Receptive
8. Which of the following is Driven by traditional & tested systems?
 - a. Selfless
 - b. Structured
 - c. Intentional
 - d. Objective
9. Which of the following is Driven by completing things regardless of time, effort or return?
 - a. Selfless
 - b. Intentional
 - c. Instinctive
 - d. Resourceful
10. Which of the following is Driven by functionality and practicality of surroundings?
 - a. Collaborative
 - b. Intentional
 - c. Instinctive
 - d. Objective
11. Which of the following is Driven to assist people for a specific purpose?
 - a. Resourceful
 - b. Objective
 - c. Intentional
 - d. Collaborative

12. Which of the following is Driven by experience, practice & intuition?
- a. Collaborative
 - b. Instinctive
 - c. Resourceful
 - d. Intellectual
13. Which of the following is Driven by practicality, they wait for the return of their efforts?
- a. Commanding
 - b. Collaborative
 - c. Instinctive
 - d. Resourceful
14. Which of the following is characterized by Decentralization of power?
- a. Collaborative
 - b. Commanding
 - c. Resourceful
 - d. Intellectual
15. Which of the following is considered as a power driving Force?
- a. Intellectual
 - b. Collaborative
 - c. Commanding
 - d. Resourceful
16. What is meant by: things that occur in the organization and affect the way it operates either in a positive or a negative way?
- a. DISC theory
 - b. Driving forces
 - c. Value style
 - d. Communication channel
17. What can we call things, situations, events etc. that occur within an organization that affect the way an organization operates, either in a positive way or negative way?
- a. Disc theory
 - b. Driving forces
 - c. Leadership styles
 - d. Personality types
18. Resourceful is related to which of the following driving forces?
- a. Utility
 - b. Surroundings
 - c. Knowledges
 - d. Methodologies
19. Receptive is related to which of the following driving forces?
- a. Knowledge
 - b. Utility
 - c. Surroundings
 - d. Methodologies
20. Which of the following driving forces is linked to utility?
- a. Intentional
 - b. Receptive
 - c. Harmonious
 - d. Resourceful

1) C 2) D 3) B 4) A 5) C 6) A 7) D 8) B 9) A 10) D 11) C 12) B

5. Communication & Communication channels

1. **Process of meaningful interaction among human beings.**
 - a. DISC Theory
 - b. Communication
 - c. CLASS Protocol
2. **Which of the following is a purpose of communication?**
 - a. Common language
 - b. Learning management skills
 - c. Improve teamwork
 - d. Train without judgment
3. **Which of the following is a principle of effective Communication?**
 - a. Altruism
 - b. Structured
 - c. Objective
 - d. Clarity
4. **Which of the following is not a purpose of communication?**
 - a. Flow of information
 - b. Coordination
 - c. Make conflict more productive
 - d. Ideas of subordinates encouraged
5. **Which of the following is not a principle of effective Communication?**
 - a. Completeness
 - b. Consideration
 - c. Correctness
 - d. Conflict
6. **Support the Piece with Facts and figures (evidence based).**
 - a. Completeness
 - b. Concreteness
 - c. Correctness
 - d. Clarity
7. **When communication is done in the least Possible words is called?**
 - a. Conciseness
 - b. Correctness
 - c. Completeness
 - d. Clarity
8. **Sending information directly from boss to subordinates.**
 - a. Formal Communication
 - b. Informal Communication
 - c. Unofficial Communication
9. **Type of communication channels which may disrupt the chain of Command.**
 - a. Formal Communication
 - b. Informal Communication
 - c. Unofficial Communication
10. **Social gathering between co workers are type of Which communication channels**
 - a. Formal Communication
 - b. Informal Communication
 - c. Unofficial Communication

- 11. Mass Communication is considered one of which of the following**
 - a. Formal Communication
 - b. Informal Communication
 - c. Unofficial Communication
- 12. Oral Communication is affected by which of the following**
 - a. Language
 - b. Tone
 - c. Length
- 13. Which of the following is considered as oral Communication limitations**
 - a. Length
 - b. Ambiguity
 - c. Grammar of language
- 14. Public Speech is considered as**
 - a. Oral Communication
 - b. Written Communication
 - c. Non verbal communication
- 15. Letters are considered as**
 - a. Oral Communication
 - b. Written Communication
 - c. Non verbal communication
- 16. Physical appearance is considered as**
 - a. Oral Communication
 - b. Written Communication
 - c. Non verbal communication
- 17. Which of the following is the right order of the process of communication?**
 - a. Feedback - channel - sender
 - b. Sender - channel - receiver
 - c. Sender - decoding - channel
 - d. Decoding - channel - Encoding
- 18. Conversion of subject matter into symbols.**

a. Decoding	b. Feedback
c. Communication	d. Encoding
- 19. Which of the following is considered a character of an effective Communicator?**

a. Emotional Intelligence	b. Impolite
c. Arrogance	d. Don't provide feedback

20. Physical appearance is an aspect of which of the following?
- Oral communication
 - Non-verbal communication
 - Written communication
 - official communication
21. Mass communication/Official communication is considered one of which of the following?
- Formal communication
 - informal
 - Unofficial communication
 - Verbal communication
22. The right order of the process of Communication is?
- Communication channel - feedback - idea
 - Decoding - receiver - encoding
 - idea - sender - feedback
 - Sender - encoding - receiver
23. Intrapersonal communication is a type of what?
- Formal communication
 - Informal communication
 - Unofficial communication
 - Mass communication
24. Which of the following could be a limitation of oral communication?
- Ambiguity
 - Open ended questions
 - Courtesy
 - Length of the message
25. The process of communication can pass through which of the following?
- ideas-Sender-Receiver
 - Receiver-feedback- decoding
 - Encoding-communication-channel-receiver
 - communication channel- decoding-idea
26. Interpersonal Communication belongs to which of the following?
- Mass communication
 - Formal communication
 - Informal communication
 - Unofficial communication
27. How can we define the process of meaningful interaction among human beings?
- Health education
 - Delegation
 - Communication
 - Negotiation

28. A gesture is considered part of which of the following?
- Official communication
 - Non-verbal communication
 - Mass communication
 - Informal communication
29. What can we define the process of meaningful interaction among human beings?
- Health education
 - Delegation
 - Communication
 - Negotiation
30. Which of the following communication channel can disrupt the chain of command?
- Mass communication
 - Formal communication
 - Informal communication
 - Unofficial communication
31. Effective communication in healthcare primarily aims to:
- Shorten consultation time
 - Improve patient understanding and trust
 - Replace clinical examination
 - Avoid patient emotions
32. Which of the following is considered Non-verbal communication?
- Eye contact
 - Official E- mail
 - Oral voice
 - Written prescriptions

6. Delegation

1. We can't delegate in which of the following situations?
 - a. When there is a lot of work
 - b. When you feel someone else has a particular skill or qualification
 - c. When someone expresses an interest in a task
 - d. When there is an extremely important matter with serious consequences
2. Delegation means:
 - a. Giving authority according to function
 - b. Doing all the work alone
 - c. Refusing responsibility
 - d. Reaching an agreement
3. All the following are strategies of delegation except:
 - a. Telling
 - b. Participating
 - c. Selling
 - d. Negotiating
4. When you tell a specific person to do a specific task, the delegation strategy is:
 - a. Telling
 - b. Participating
 - c. Selling
 - d. Delegating
5. Which of the following is a situation in which you can delegate?
 - a. When there is a lot of work
 - b. Emergencies
 - c. Your own "hot potatoes"
 - d. Things you would not be willing to do
6. Which of the following is the last step of delegation?
 - a. Set a deadline for the job
 - b. Follow-up work
 - c. Evaluate the performance
 - d. Give recognition
7. In delegation, you should focus on:
 - a. The results rather than the method
 - b. The method rather than the results
 - c. The mistakes only
 - d. Doing the task yourself

1) D 2) A 3) D 4) A 5) A 6) D 7) A

7. Negotiation

1. Back & forth communication designed to reach an agreement or to reach a desired outcome. This refers to:
 - a. Driving Forces
 - b. Delegation
 - c. Negotiation
 - d. DISC Theory
2. Which of the following is considered as a stage of negotiation?
 - a. Agreement
 - b. Supporting
 - c. Delegation
3. Which of the following is one of the Negotiation skills?
 - a. Impolite
 - b. Active listening
 - c. Anger
 - d. Arrogance
4. All the following are considered Stages of negotiation except:
 - a. Preparation
 - b. Open discussion
 - c. Implementation of a plan
 - d. Delegation
5. All the following are considered negotiation skills except:
 - a. Emotional Intelligence
 - b. Communication skills
 - c. Negligence
 - d. Active listening
6. Which of the following is back and forth communication designed to reach agreement or to reach the desired outcome while leaving the other side intact and positive?
 - a. Delegation
 - b. managerial leadership
 - c. Communication
 - d. Negotiation
7. Which of the following is the last step in the negotiation process?
 - a. Negotiation
 - b. Open discussion
 - c. Implementation of plan
 - d. Agreement
8. Which of the following is the last step in negotiation?
 - a. Implementation of a plan
 - b. Open discussion
 - c. Agreement
 - d. Negotiation

1) C 2) A 3) B 4) D 5) C 6) D 7) C 8) A

8. Protocols

1. Which of the following is used for clinical interviews?
 - a. S-P-I-K-E-S Protocol
 - b. C-O-N-E-S Protocol
 - c. C-L-A-S-S Protocol
 - d. E-V-E Protocol
2. Which of the following is used for Breaking bad news?
 - a. S-P-I-K-E-S Protocol
 - b. C-O-N-E-S Protocol
 - c. C-L-A-S-S Protocol
 - d. E-V-E Protocol
3. Which of the following is used for telling that a medical error has occurred?
 - a. S-P-I-K-E-S Protocol
 - b. C-O-N-E-S Protocol
 - c. C-L-A-S-S Protocol
 - d. E-V-E Protocol
4. Which of the following is used for exploring and identifying emotions?
 - a. S-P-I-K-E-S Protocol
 - b. C-O-N-E-S Protocol
 - c. C-L-A-S-S Protocol
 - d. E-V-E Protocol
5. Medical errors should be delivered by whom?
 - a. Nurse
 - b. Junior
 - c. Minor senior
 - d. Major senior
6. In C-O-N-E-S Protocol "C" refers to?
 - a. Consideration
 - b. Competence
 - c. Context
 - d. Confidentiality
7. In S-P-I-K-E-S Protocol the 1st "S" means?
 - a. Show empathic response to the patient
 - b. Secure appropriate area for the discussion
 - c. Summarize the discussion
8. In E-V-E Protocol the 1st "E" means?
 - a. Let the person know you understand the emotion was appropriate
 - b. Show empathic response to the patient
 - c. Find out the cause of emotions
 - d. Closing the interview
9. Which of the following is used for telling a sudden deterioration in a patient's medical condition?
 - a. C-O-N-E-S Protocol
 - b. S-P-I-K-E-S Protocol
 - c. C-L-A-S-S Protocol
 - d. E-V-E Protocol
10. Which of the following protocols is used for exploring emotions?
 - a. C-O-N-E-S
 - b. C-L-A-S-S
 - c. S-P-I-K-E-S
 - d. E-V-E
11. Which of the following protocols is used for telling that a medical error had occurred?
 - a. C-L-A-S-S
 - b. C-O-N-E-S
 - c. E-V-E
 - d. S-P-I-K-E-S

12. Which of the following protocols is used for breaking bad news?

- a. C-L-A-S-S
- b. S-P-I-K-E-S
- c. C-O-N-E-S
- d. E-V-E

13. What is the protocol used in clinical interviews?

- a. CONES
- b. CLASS
- c. SPIKES
- d. EVE

14. After delivery of a full-term baby, the baby died shortly. What is the protocol used while telling the parents about their baby's death?

- a. C-O-N-E-S
- b. S-P-I-K-E-S
- c. E-V-E
- d. C-L-A-S-S

15. What is the protocol used in classical Interviews?

- a. C-O-N-E-S
- b. S-P-I-K-E-S
- c. E-V-E
- d. C-L-A-S-S

16. 55-year-old female with colonic mass after histopathological examination of the mass biopsy, an end stage cancer colon was diagnosed. what is the protocol used while telling the patient about her condition?

- a. C-O-N-E-S
- b. S-P-I-K-E-S
- c. E-V-E
- d. C-L-A-S-S

1) C 2) A 3) B 4) D 5) D 6) C 7) B 8) C 9) A 10) D 11) B 12) B
13) B 14) B 15) D 16) B

9. Conflict

1. Which of the What can we active disagreement between people with opposing opinions?
 - a. Communication
 - b. Delegation
 - c. Conflict
 - d. Health education
2. Active disagreement between people with opposing opinions is called:
 - a. Negotiation
 - b. Conflict
 - c. Delegation
 - d. Teamwork
3. Which of the following is one of the abilities needed to manage a conflict?
 - a. Stay calm
 - b. Jumping to conclusions
 - c. Personal attacks
 - d. Holding your grudges
4. All the following help in managing a conflict except:
 - a. Active listening
 - b. Empathy and understanding
 - c. Finding common ground
 - d. Personal attacks
5. Which of the following means that you should not fight over every issue?
 - a. Choose your battle
 - b. Splitting the conflict
 - c. Jumping to conclusions
